## BIKE RACING IN EAST IS GROWING

Chapman at Head of Company to Build New Tracks—Records Are Smashed.

Bike racing seems to be acquiring a new lease of life in the east and from indications the next year or two will see the game almost as popular as it was in old time days. John M. Chapman, who is well known in Salt Lake as having been connected with both the Saltair and the Salt Palace tracks, is at the head of a company capitalized at \$100,000 which is in control of new tracks at Providence, R. I., and New Haven, Conn., together with the present track at Revere, Mass. In the same circuit will be included the tracks at Newark and Clifton.

Paddy Hehir, who was seen here last year, is showing good form in the east, and is going like a whirlwind and is smashing motorcycle records right and left. The 50-mile mark has been set at 1:11 and the 25-mile at 2:08. These records are many minutes faster than others which have been made by Jake De Rosier.

## HARVARD AND NAVY READY FOR BIG RACE

Annapolis, Md., April 20.—Weather conditions at Annapolis tonight are not particularly encouraging for the boat race on the Severn between Harvard and the Navy tomorrow. A stiff breeze and choppy sea today seriously interfered with the practice of the crews and they were compelled to do their work on College point. Only racing starts were attempted.

Both crews are in the pink of condition and confident of victory.

## MAHER RIDES SECOND.

Epsom, England, April 20.—The City and Suburban handicap of 2,000 sovereigns, for 3-year-olds and upwards, distance about one mile and a quarter, was run here today and won by Bachelor's Double, Mustapha, ridden by Danny Maher, the American jockey, was second, and Dean Swift third. There were 14 starters.

## CARRIES FOUR PASSENGERS.

Charleville, France, April 20.—The French aviator, Roger Sommer, accomplished a remarkable feat today, which established a new world's record for aeroplanes. He made a flight of five minutes across country with four passengers.

## Beware of Ointments for Catarrh That Contain Mercury.

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. ## PITCHER ED REULBACH OF CUBS, WHOSE ABSENCE WILL BE KEENLY FELT.

Manager Frank Chance of the Chicago Nationals is considerably worried over the condition of his star pitcher, Ed Reulbach, who is down with diphtheria at his home in St. Louis. Although Reulbach's physician says the case is not a serious one, it will be some time before he is able to join his teammates. Reulbach's absence will be keenly felt by the Cubs. When in

## National League Pennant Will Be Raised Today in Smoky City

Pittsburg, April 21.—The day which thousands of fans had marked on their calendars as the new year of baseball came today with everything but the weather in perfect readiness for the raising of Pittsburg's fourth National League pennant and opening of the local season with St. Louis. Fortunately the government's weather forecast, Henry Pennypacker, is himself a fan and by his special dispensation a jump from 38 to 50 in the temperature and an hour's rift in the clouds over Forbes field is promised to make baseball possible and fairly agreeable this afternoon.

The grounds have been well protected by a canvas covering during the last three days' rain, and nothing short of a storm at game time will prevent the pennant ceremonies and play. Pittsburg is, too, the world champion of 1909, but recognition of that title is not included in today's celebration. The usual parade about the field, band music and the attendance of prominent city officials will be features. Mayor Magee will throw out the first ball and the pirates at bat will face the St. Louis Cardinals from whom they won two out of three games in the west last week. President Thomas J. Lynch came today from New York and

other visitors from many cities are here for the opening. Cananitz and Willis are looked to pitch for the locals and St. Louis respectively and it is believed that Bud Sharpe, who has been playing first for Pittsburg, will give way today for a tryout of Flynn, the rival candidate for the position.

The M. I. A. Junior baseball league will open its season this afternoon, all games beginning at 5:30 o'clock. The following teams will play: Nineteenth and Twenty-fourth, Sixteenth and Seventeenth, Fourteenth and Fifteenth, Twentieth and Twenty-third, Twenty-eighth and Twenty-ninth.

**SWARM OF ANGRY BEES BREAK UP BALL GAME**

Los Angeles, April 20.—In a battle with a swarm of angry bees this afternoon the members of the Los Angeles and Vernon baseball teams were driven off Chavez park field and the grand stand quickly emptied of its crowd.

Los Angeles was playing in the field and the Vernon team was throwing the ball around near the grandstand when the bees flew over. A player angered them by hurling a ball into their midst. In a moment the spectators and players were in wild flight, leaping benches to get out of the way of the stingers.

Several players entered the ground with wounds on their faces after the bees had retired.

## GAME MUST NOT BE BURLESQUED

Cubs Catcher Stopped From Making Travesty of National Sport—Must Report at Once.

New York, April 20.—President Lynch of the National league, fearing John C. Kling, the recalcitrant catcher of the Chicago team, intended to raise the \$500 fine imposed upon him for the national commission for refusing to play with the Cubs last season, by acting in vaudeville, announced that he had sent the following telegram to Chairman Herrman of the national commission:

"I suggest you take steps to stop Kling's appearing in vaudeville. He cannot make a burlesque of the national game. Insist on his reporting to his club at once, or the commission will take further action in his case."

If Kling defies the commission, President Lynch will ask to have the case reopened.

## JOHNSON TO FIGHT FROM VERY START

Big Black Will Mix It With Jeffries—Thinks He Has Better Trainers.

Chicago, April 21.—Jack Johnson, champion pugilist, believes his sparring partners will be of greater use to him than those of Jeffries will be to the former champion.

"In Jeffries' camp will be a number of men who will be unable to stand the beating which Jeffries will give them and consequently Jeffries will not derive the proper kind of benefit," Johnson said. "With the exception of Gatch, Jeffries will not have a man in his camp who will do him a bit of good in a practical way. Chynski and Corbett can tell him what he should do, but they are not in any condition to put on the gloves with him and exchange wallop."

"In my camp I will have a lot of lucky young fellows who will not be afraid to exchange blows with me and from whom I can receive a lot of benefit. All of my training partners will weigh over 150 pounds, and they are young, strong fellows."

"I intend to fight Jeffries from the tap of the gong. By this I do not mean that I will waste into him and be careless, but I will not be afraid to mix matters. I will hit a lot at stake and I know there will be thousands of dollars bet on my chance and I want to assure the people who back me that I will put forth every ounce of physical power I possess to win. I only hope that nothing unforeseen will occur to prevent the fight, and I am leaving Chicago confident of whipping Jeffries."

## RAILROADS HIT BIG EVENT A HARD BLOW

Chicago, April 20.—Jack Gleason, partner of Tex Rickard in the promotion of the Jeffries-Johnson fight, will leave for the coast tomorrow night, keenly disappointed. Gleason, who has been here over a week in conference with the executive heads of western railroads, was informed today that the Western Passenger association had refused to handle tickets to the big battle along with transportation. Another ruling which will hurt the attendance from the coast also was handed down by the railroads. It was decided that no transcontinental excursion tickets will be honored on limited trains from June 2 to July 2. No railroads assigned by the association for the ruling, and Gleason was at a loss to explain.

## HUMAN PUNCHING BAGS ARE WANTED

No One Cares to Stand Up Before Jeffries—Berger Rounding Into Condition.

Ben Lomond, Cal., April 21.—Jim Jeffries in his training bouts is showing little inclination to box. He had rather rough a following his three rounds with Bob Armstrong yesterday. Jeffries remarked that he preferred 15 rounds of fast fighting to two rounds of sparring. This penchant of the big fighter for heavy work brings up the question, where are training opponents husky enough to face Jeffries to be found?

It's easy to see that Armstrong entertains no such preference for real fighting as Jeffries voiced—at least not in the ring with his present high adversary. Armstrong's unwillingness to "mix it" was responsible, it is surmised, for Jeff's decision to pull off yesterday's bout in the handball court and not in the indoor ring. In the court Armstrong had no chance to hug ropes and dodge punishment, and is expected to help supply death of human punching bags. Others may suffer and their martyrdom in the cause of the big fellow's training will be well-earned.

The worshipers are constantly on the job at Ben Lomond. Awestruck admirers of Jeffries watch with fascinated eyes. A barber who shaved the pugilist the other night is whistling through seven heavens of bliss. He proudly flourishes from his brawny outcroppings.

"I'll never use that razor again," he declares. "A week ago I refused \$5 for it, and now I wouldn't sell it for \$50."

Motion pictures of the camp are to be taken by a local artist. The pictures will be placed on exhibition prior to the fight. An offer of \$500 for that privilege is said to have been refused and turned down by Berger, who explained that if the fight goes only one or two rounds, the pictures will be needed to fill out the film.
